Tap Water vs. Bottled Water Debate

Choose one (***circle***): **Tap or Bottled**

Please be sure to cite your sources as to what your ***best*** arguments are to support your group's point-of-view?

From the FVMS homepage, click on **Students - Digital Resources**. From there select **NC Wise Owl** and click on the website link. Select "**Middle School**" and then "**Explora**" from the options. Here you can search for articles to support your argument and be sure to **cite your source!**

Topics to consider (each topic will be addressed in the debate):

- **Water Quality**
- **Human Health**
- **Availability**
- **Impact on Ecosystem**
- **Economics/Cost**
- **Environmental Impact**
- **Future Sustainability**
- **Emergency Applications**

In the spaces provided please indicate what arguments you believe the opposition will use against you and plan for how you will defend against them.

1. Opposition's Argument	How will I defend?

2. Opposition's Argument	How will I defend?

3. Opposition's Argument	How will I defend?

4. Opposition's Argument	How will I defend?

5. Opposition's Argument	How will I defend?

6. Opposition's Argument	How will I defend?

7. Opposition's Argument	How will I defend?

8. Opposition's Argument	How will I defend?
